

AHRWMA Waste Less Schools Program 2027

Nominations are invited from primary schools located in Mount Barker and Murray Bridge council areas to be a part of the program.

Support your site's sustainability and waste goals with the AHRWMA Schools Program of waste education.

Developed by KESAB *environmental solutions* and delivered over the course of the school year, the 2027 program will support your site with your sustainability and waste management goals. Take advantage of real-world learning experiences that link to Science, HASS and Sustainability priorities.

The program will be available and fully funded for one primary school for each of the Mount Barker and Murray Bridge council areas.

What does it involve?

- ✓ Bin System Assessment
- ✓ Bin Materials Audit with student participation
- ✓ Hidden Treasure Show
- ✓ Reports and recommendations for your site
- ✓ On-site support with student-led activities, sustainability goals and waste management

Submit your nominations to c.stone@ahrwma.com

Nominations close:
15th October, 2026.
